# 4 sizes 30 colours

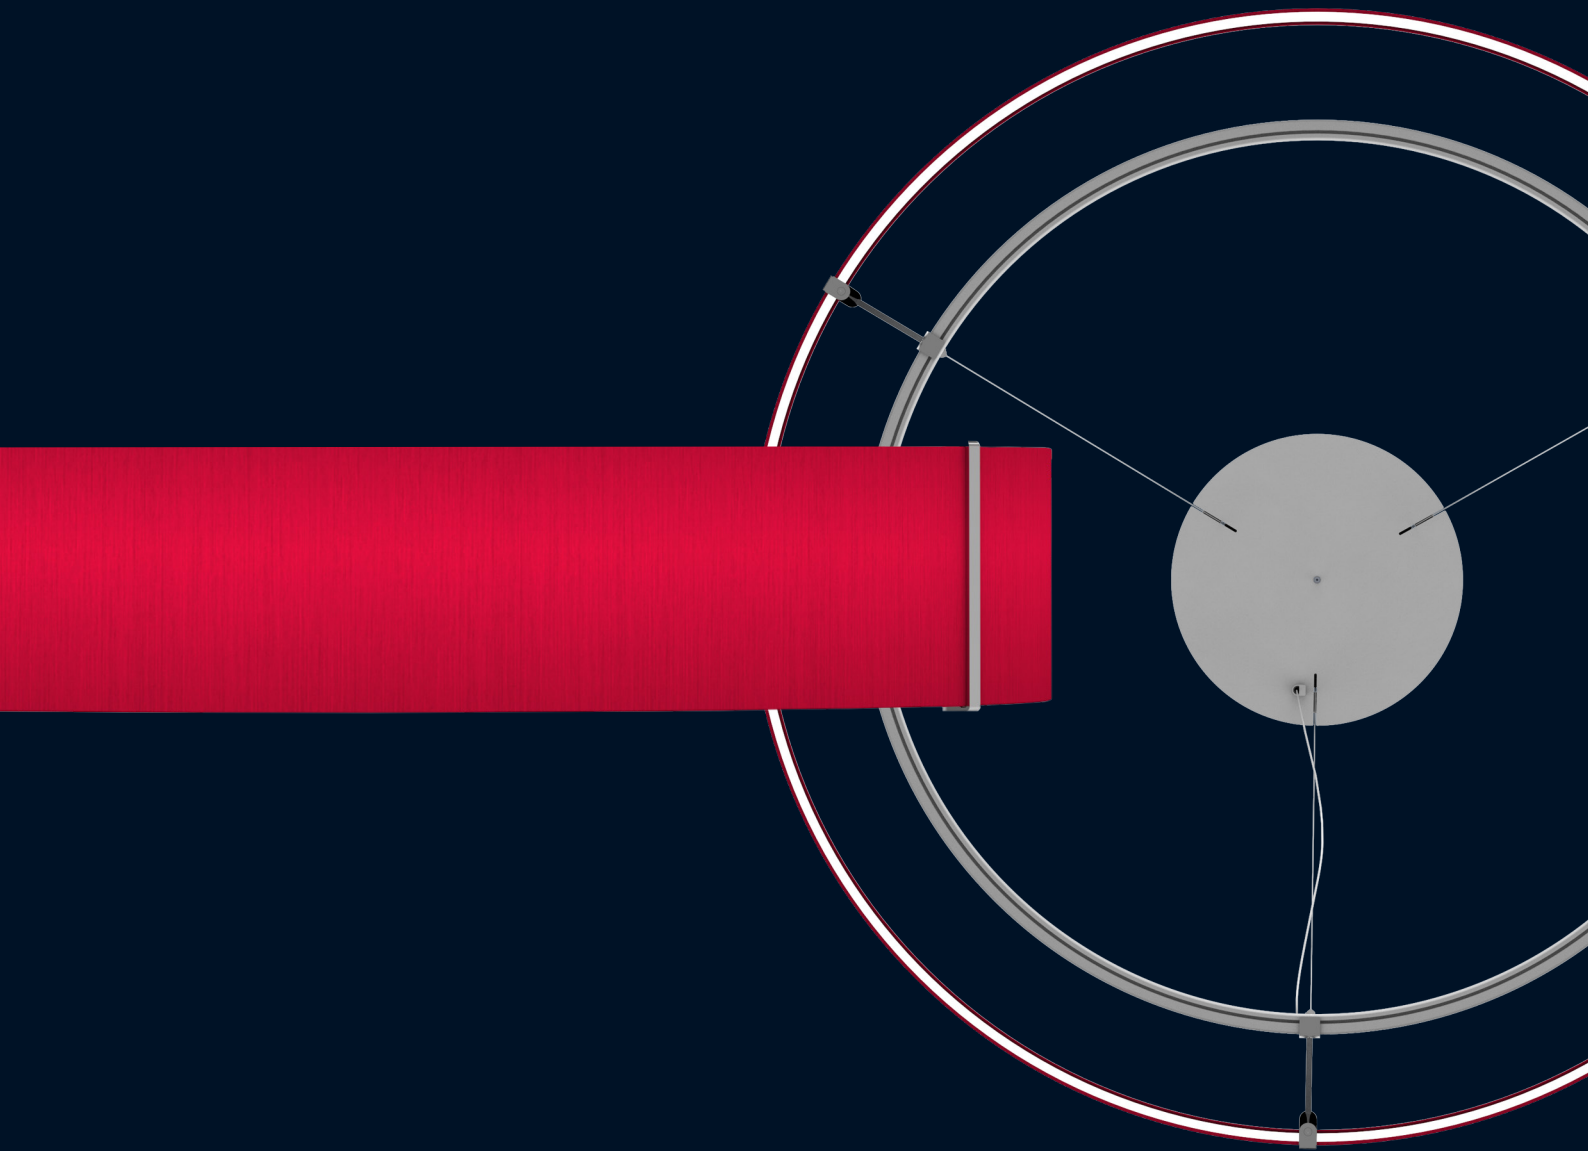

## 4 Größen | 30 Farben

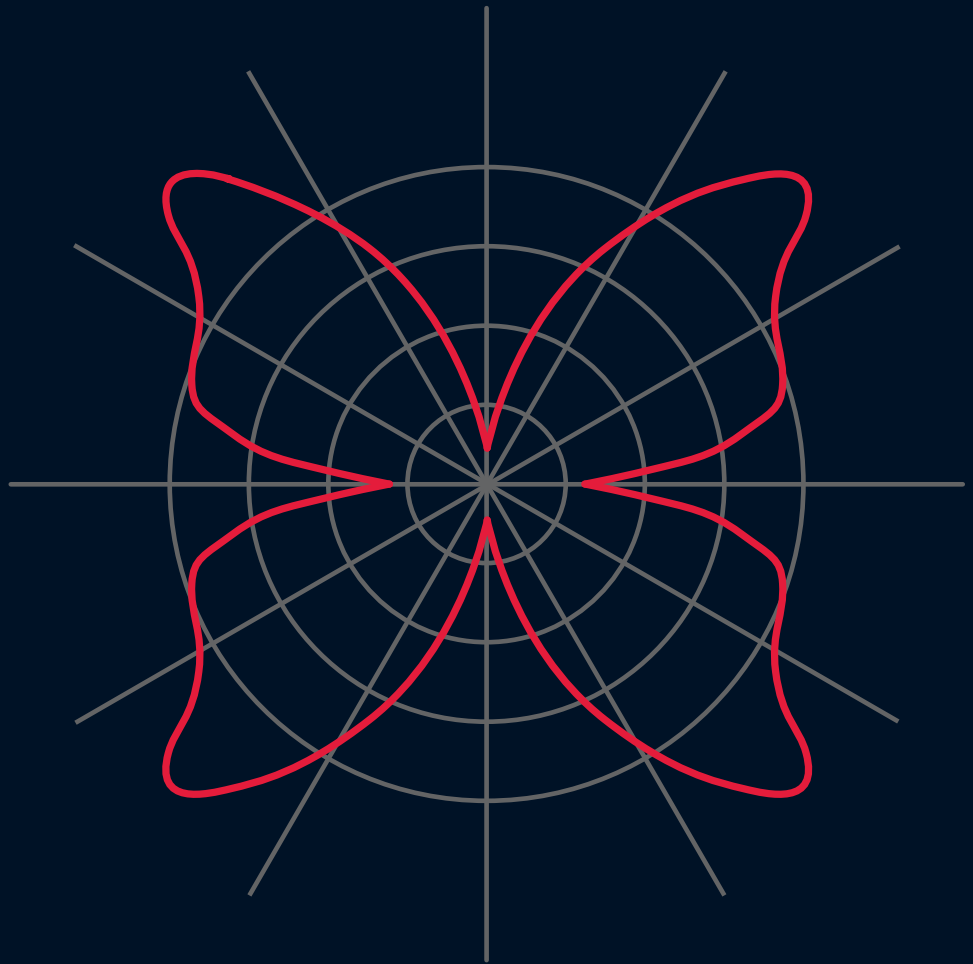

Mit ihren einzigartigen Dimensionen verleiht diese Pendelleuchte großen Räumen mit hohen Decken einen ganz besonderen Ausdruck – ideal für Galerie und Empfangsbereich. Den freien, schwebenden Charakter verdankt VOLUMA ihrer offenen Bauweise. Mit dreißig Schirmfarben und vier unterschiedlichen Durchmessern im Standard sind volle Flexibilität und perfekte Integration im Objekt gegeben. Eine starke Präsenz bei gleichzeitiger Eleganz.

With its unique dimensions and impressive size, VOLUMA creates an enduring impact in large rooms with high ceilings, making it ideal for galleries or lobby areas. Due to its open construction the luminaire appears to be free floating. Maximum flexibility and perfect synthesis with the project's overall design scheme are achieved through a choice of 30 standard shade colours and 4 diameters. A strong yet elegant presence is the result.

# invisible

## [un]sichtbar

Der beeindruckend große Durchblick der VOLUMA vermittelt einen Eindruck von Leichtigkeit. Mittels direkter und indirekter Lichtverteilung werden sowohl die Architektur als auch die Leuchte selbst homogen und eindrucksvoll inszeniert.

VOLUMA's large open space gives an impression of lightness. Using both direct and indirect light distribution guarantees a homogenous as well as impressive accentuation of both the architecture and the luminaire itself.
